

Mining Industry – Case Studies

Some Other Mining Projects World Wide Include:

Location: ZNJV Uzbekistan
Client: Newmont
Scope: Supply and install Geosynthetics and associated civil engineering work.
 2001 - 785,000sq.m Heap Leach Pad
 2003 - 750,000sq.m Heap Leach Pad
 Various Ponds, Swales and Pipe Runs
 Electronic Leak Location

Location: Lihir Island. Papua New Guinea
Client: LGL Lihir Gold Limited.
Scope: Lining of Ore Stockpile to prevent leaching prematurely.
 2000 – 150,000sq.m PP-T Composite

Location: Beer-Sheva, Israel
Client: Agamit
Scope: Supply and Install Geosynthetics to Potash Tailing Facility
 1997 - 200,000sq.m double lined facility

Location: Olympic Dam, Roxby Downs, Australia
Client: Western Mining
Scope: In 1995 FLI International Ltd provided Third Party CAQ and Project Supervision during construction of various Evaporation Ponds.
 1995 – 300,000sq.m Evaporation Pond
